DISTINGUISHING FEATURES OF THE CLASS

Specific to Public Health Department: This position involves responsibility to provide public health nursing services to individuals, families, and population groups. Nursing actions are directed toward the goals of prevention, assessment, risk reduction, and health status improvement for individuals, families and communities. Public Health nursing interventions occur at individual, family, community and system levels depending upon the responsibilities of the position and the program or issues involved. The work is performed under the general direction of a Director/Deputy Director of Public Health. Incumbent will perform related duties as required.

Specific to Mental Health Department: This position involves responsibility to provide nursing and counseling services to individuals, families, and groups who are experiencing problems associated with alcohol, drug or gambling disorders. Nursing actions are directed toward the goals of screening, assessment, risk reduction, and treatment planning for health status improvement specific to individualized needs. Interventions occur at individual, family, community and system levels depending upon the responsibilities of the issues involved. The work is performed under the general direction of the Prevention & Treatment Program Director of Seneca County Addictions Program. Incumbent will perform related duties as required.

Specific to Seneca County Jail: This position performs professional nursing services in the care and treatment of jail inmates. The work is performed under the general direction of the Head Jail Nurse. Incumbent will perform related duties as required.

Specific to School Districts: This is a professional nursing position involving responsibility for giving care to students and for performing related nursing services such as pupil health screening and notification of defects and communicable disease control requiring judgement and skills. The work is performed under the general direction of a School Physician or School Nurse-Teacher. Supervision may be exercised over the work of clerical assistants. Incumbent will perform related duties as required.
